DORA
S o l u t i o n s

Today, with the deployment of video equipments, India, particularly, the NE region stands at a threshold of change. The requirement of A/V technology is swiftly taking over every field ranging from conference rooms, event venues to even classrooms and retail environment. With the rapid advent of new technologies, people are having a hard time keeping themselves abreast with the fast paced world.

As such, we take great pride and pleasure in introducing ourselves as a Premier System Integrator from the North East region of India with a global outlook. We aim to help our clients meet the growing requirements by introducing them to the latest technology and innovations.

We have 10+ years of experience in Broadcast & Pro-AV industry.
Our range of products and services include a wide variety of AV equipments along with IT & Educational products and Customised After-Sales Support Plans. We have made a name for ourselves in providing outstanding support and going an extra step towards designing, delivering and integrating better solutions for our clientele. Our team excels in creating and delivering customised and efficient solutions for end users while keeping their vision and budget in mind at all times.
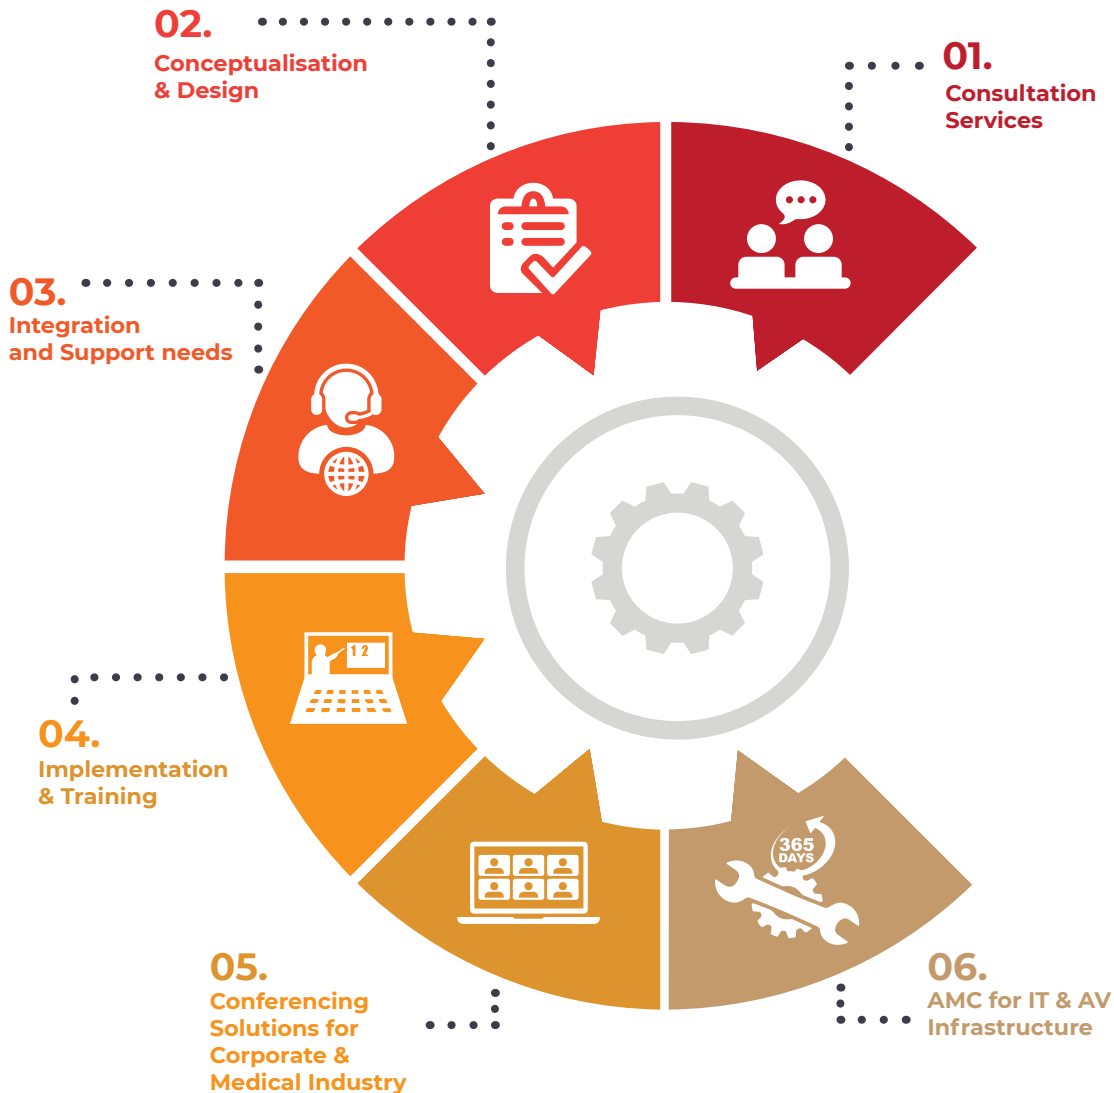

AIM

Our endeavour is to always engage in introducing latest technology, keeping our clients one step ahead to the others. Our client's success is the key measure of our success.

VISION

To be the best technological solutions & communications partners to our clients and to build lasting relationship and clientele.
